The City University of New York (CUNY) has a long-standing commitment to diversity and equal opportunity in all aspects of business practices. At Medgar Evers College, we fully support the policies and practices that we have implemented to foster non-discrimination, affirmative action, and diversity and inclusion in the workplace. ## **COLLEGE OVERVIEW**

Medgar Evers College is a vibrant, vital and transformative Predominately Black Institution (PBI) located at 1650 Bedford Avenue in Central Brooklyn. The College is comprised of the School of Business, the School of Liberal Arts and Education, the School of Science, Health and Technology and the College of Freshman Studies. A School of Education was recently approved by the Board of Trustees.

Students may pursue any of the twenty (20) baccalaureate degree programs, nine (9) associate degree programs, and one (1) credit bearing certificate offered by the College, giving close attention to the articulation between the associate and baccalaureate degree programs. During the reporting year, the School of Professional Studies and Community Development (SPCD) offered sixteen (16) programs through the Academy for Youth and served a total of 14,764 participants. The Adult and Continuing Education program served 1,564 adults and the Academy for Career Pathways program enrolled 427 participants for the academic year. In addition, its Research and Advocacy Centers served 2,435 participants.

Medgar Evers College designation as a PBI program is due to its 57% of African American/Black student population. It is Funded by the U.S. Department of Education's Predominantly Black Institutions to establish or strengthen programs for low-income or first-generation college undergraduate students enrolled at the Medgar Evers College leading to a bachelor's or associate's degree in Science, Technology, English, Education, Mathematics, Health Education and Globalization and improve educational outcomes.

- Increase student's retention and improve graduation rates;
- Increase student involvement in their field of study;
- Promote activities that support students' development of academic goals;
- Faculty work closely with students to promote learning and enhance professional skills needed in their field of study.

### **Location, Degrees Accreditation**

Medgar Evers College is accredited by the Middle States Commission on Higher Education, the Accreditation Council for Business Schools and Programs, the Council on Social Work Education, the National Council for Accreditation of Teacher Education, and the National League for Nursing Accrediting Commission. Medgar Evers College's academic programs are registered by the New York State Department of Education. In October 2016, the College received reaffirmation of its accreditation by the Middle States Commission.

### **History**

Medgar Evers College was founded as a result of collaborative efforts by community leaders, elected officials, the Chancellor and the Board of Higher Education of The City University of New York. The College is named after the civil rights leader Medgar Wiley Evers, who was assassinated in Mississippi on June 12, 1963. This embraces the enduring legacy of Medgar Wiley Evers through education, self-actualization and community service.

The College was established on September 28, 1970 with a mandate to meet the educational and social needs of Central Brooklyn. The College is committed to the fulfillment of this mandate. As a senior college of the City University of New York ("CUNY") Medgar Evers College ("MEC") is committed to the University's mission of "teaching, research and public service."

**Mission** This is from the previous plan – you can adjust or add.

In 2014, President Rudolph F. Crew set forth the priorities for the college in its 2015-2020 Strategic Plan. The plan is governed by a core set of goals ("The 25's") which include a 25% increase in enrollment; a 25% increase in first time/full-time freshman; a 25% increase in retention; a 25% increase in internships; a 25% increase in graduation rates and a 25% increase in fundraising.

Dr. Crew's vision has served to sharpen the college's mission to give all Brooklyn residents especially those facing educational barriers, access to the economic, civic and creative opportunities mushrooming around them. The College has a commitment to students who desire self-improvement, a well-rounded education, an opportunity to develop a personal value system, and an opportunity to gain maximum benefits from life experience and from their environment. The College's mission is to develop and maintain high quality, professional career oriented undergraduate degree programs in the context of a liberal arts education.

The College intends to build curriculum, programs and partnerships that transform lives and offer opportunities to students of diverse backgrounds. Medgar Evers College strives to succeed in cultivating academic engagement through a culture of assessment, mentorships, learning communities, service and research experiences.

Our students are valued as partners, encouraged to build resilient and scholarly competencies that will enrich their academic pursuits at Medgar Evers College and beyond. Our goal is to provide our students with services that will inspire them to be "Change Agents" actively engaged in challenging, thought provoking, safe and nurturing learning environments.

Our mission is to create a student-centered experience that values diversity, respects individual dignity, fosters collegiality and focuses on academic and career achievement. Towards that end, we will develop and maintain processes and procedures for coordination and oversight that ensure that standards of quality are met and that our mission, goals and priorities are accomplished as effectively and efficiently as possible.

## **PART TWO: DATA AND ANALYSIS**

---

The College analyzes data using multiple methods prescribed by regulation and best practice in preparing Affirmative Action Plans. No one method provides a complete picture, and none should be used as a sole measurement. Methods include:

- Workforce Analysis of employees within organizational units
- Establishment of Job Groups and relevant academic Disciplines
- Development of Labor Market Availability measures
- Utilization Analysis for Job Groups and Disciplines
- Review of Personnel Actions (e.g., Hiring, Separation, Promotion)
- Review of Recruitment Activity
- Review of Hiring from Civil Service applicant pools
- Review of Compensation.

Individuals interested in learning more about data analysis in Affirmative Action Plans may wish to refer to resources provided by the U.S. Department of Labor's Office of Contract Compliance Programs (OFCCP) at: [Click for U.S. Department of Labor Website](#)

The source for this review and all subsequent data is an extract from CUNY's system of record, CUNYFirst, of full-time active employees and employees on selected paid leaves (such as medical leave or fellowship/sabbatical leave) as of June 1, 2018. The population does not include student workers or individuals employed by CUNY's Research Foundation. We created this extract in July, 2018.

To evaluate representation by race/ethnicity, we use federally-mandated categories of Asian, Black/African American, and Hispanic. Employees who identify as American Indian/Alaska Native and employees who identify as "Two or More Races" are not listed separately, but are included in the Total Minority category. Employees identifying as Hawaiian/Native Pacific Islander are listed with the Asian category.

To evaluate representation by gender, we use federally-mandated categories of Male and Female.

## **WORKFORCE ANALYSIS**

The Workforce Analysis is a review of protected groups (gender and ethnicity) organized by department/unit and presented by job title in descending hierarchical order.

The Workforce Analysis is intended to review overall representation of females or minorities by organizational unit and title/rank within unit.

Due to length, the Workforce Analysis charts are not included in the Plan.

The College conducted a self-identification canvas in May 2018 by contacting employees via email, encouraging them to update self-identification data. The College provided instructions and a Question and Answer document explaining the reasons behind collecting self-identification data and stressing that providing this information was voluntary.

In total, (0) employees at the College did not identify a gender and (4) employees either did not identify a race/ethnicity or did not completely specify one (for example, identified as non-Hispanic without providing a specific race). Anyone who did not specify a gender and/or ethnicity is included in the workforce analysis but not included in a protected group for further analyses. We were able to identify those individuals.

## **JOB GROUPS, DISCIPLINES, AND MARKET DATA**

We base further analyses on creating job groups consisting of job titles with similar responsibilities and opportunities for advancement. We conduct additional analyses for Faculty and College Laboratory Technicians with groupings based on instructional program (discipline) and academic department.

Appendix C presents further details of the titles included in each Job Group.

### **Job Groups**

Job Groups are comprised of similar job titles based on duties, qualifications, and other conditions of employment. The University reviews groupings annually. The Exhibit on the following page lists the Job Groups and summarizes College staffing in each group.

**Exhibit: Job Groups and Staffing 6/1/18**

**(Note: unlike prior years, this report has been programmed and you will receive a one-page PDF with this information to be inserted here.)**

## APPENDIX C - JOB GROUPS / LABOR MARKET AVAILABILITY FACTORS

Individuals in the Chief Executive role are not included in this report.

Labor Market Availability factors (LMA) are listed for each group. LMA Factor 1 is an external Labor Market measure. LMA Factor 2 is an internal factor (i.e., employee eligible for promotion into the group).

## **Disciplines for Faculty and College Laboratory Technicians**

Within each Faculty job group, we analyze utilization by academic program or discipline. The University codes its disciplines using the U.S. Dept. of Education "Classification of Instructional Programs" (CIP) and each College assigns its academic departments to the disciplines. On an exception basis, we calculate a blended labor market availability for interdisciplinary programs. Where multiple departments are assigned to the same discipline, Chief Diversity Officers may review a break-out by department.

We assign College Laboratory Technicians to one of two groups, based on assigned department: College Laboratory Technicians-Science, Technology, and Engineering, and College Laboratory Technicians-Other.

**Appendix D** details the academic program assignments used at the College for Faculty and College Laboratory Technicians.

## **Labor Market Availability**

Labor Market Availability is the measurement used to benchmark utilization of protected groups. It represents the proportion of each protected group available for employment in the labor market from which we recruit.

The University calculates availability by job group and discipline, based on internal and external factors. The internal labor market is an estimate of eligible employees on a promotional path into a job group and has been calculated based on employee data in either fall 2013 or spring 2014. The external labor market uses location and qualifications of individuals available for employment, typically an education factor and a geographic factor. Educational data comes from "Earned Degrees Conferred" reports from the U.S. Department of Education (2013-2014 figures) and other information comes from the *American Community Survey of the U.S. Census* (2007-2011). Geographic factors may be National (generally for highest-level positions and faculty), Regional (the four-state region of New York, New Jersey, Pennsylvania, and Connecticut), or Local (New York City).

CUNY reviews and updates Labor Market Availability figures every other year. There were no updates made to the availability data this past year.

**Appendix C** (previously referenced) lists availability factors and weightings.

## **UTILIZATION ANALYSIS**

### **Discussion**

The College reviewed its employee population by Job Group and protected class in comparison to Labor Market Availability for groups where there are five or more employees.

We report underutilization when significantly fewer minorities or women are employed than would be reasonably expected given availability. We report underutilization where the utilization is more than 20% below availability and the difference can be expressed as at least one full-time equivalent employee.

Job Groups and Disciplines for which there is underutilization are considered priorities for College Affirmative Action programs.

**Appendix E** details each individual Job Group/Affirmative Action Unit and Academic Program/Category (Faculty and College Laboratory Technicians).

Changes in underutilization from year to year may arise from multiple factors. These include hires, separations (including voluntary separations and retirements), updated Labor Market Availability and changes to the composition of Job Groups or Disciplines. It is often not possible to pinpoint a single, direct cause, and it may not always be possible to anticipate and/or prevent increases in underutilization in borderline situations.

The following Exhibit summarizes staffing and underutilization for each job group with a comparison to the two previous years.

## Exhibit: Summary of Historical Changes in Underutilization

Insert Table here-it will be provided.

## **Utilization, Underutilization, and Placement Goals**

(Use this section to provide detailed observations/analysis as to the contributing factors to underutilization and/or changes in underutilization, either positive or negative, at your school. You might consider specific turnover, opportunities to hire, reorganizations, impact of various programs, etc. At a minimum, note areas in which underutilization has been reduced or eliminated.

A number of concurrent factors may influence changes in underutilization (UU) and it is not always possible to pinpoint an exact cause.

The fact that the University updated job groupings and Labor Market Availability might influence findings for some groups, although typically these changes are not major. Employee turnover and opportunities to hire may also influence findings, especially with smaller groups.

### **Administrative Titles**

In the 2016 – 2017 reporting period there were seven (7) increases, eight (8) decreases and four (4) stood (including College Lab tech) the same. In Comparison to this reporting period of 2017-2018, there were three (3) job groups that increased the underutilization rates in the Administrative Staff titles. One factor could be, as noted above, the changes to the availability data. Equally important is that Five (5) job groups lowered the underutilization rates.

The three (3) with increases are:

Administration 3 – Nine (9) UU in the Asian/Nat. Haw./Pac.Isl (API) category an increase from eight (8). It should be noted that there were 18 hires in this Job group of which eleven (11) were Black, four (4) were Hispanic and One (1) other minority. Although, the search produced a hire in the API title of which 421 applied, 2 interviewed and 1 was given an offer the UU rate still went up. As noted previously, this might be due to the availability data.

Skilled Trades – Two (2) UU in the Hispanic category an increase from zero (0). Unfortunately, the search didn't produce a hire in the Hispanic title of which 11 applied, 2 interviewed but did not produce a hire in this category.

Campus Peace Officer Level 1 – Seven (7) UU in the Hispanic category an increase from five (5). There were no recruitments in this category.

There are many factors that impact increases in underutilization specifically for the API and Hispanic groups due to hiring patterns in the labor market. We continue to strive to diversify the workforce.

The Five (5) with decreases are:

Administration 3 – Zero (0) UU in the Hispanic category a decrease from three (3).

Office Assistant – Zero (0) UU in the API category a decrease from one (1) and Zero (0) UU in the Hispanic category a decrease from one (1).

Custodial – Six (6) UU in the Hispanic category a decrease from seven (7).

Campus Peace officer Level 1 – Zero (0) UU in the Female category a decrease from three (3).

The decreases were mostly due to recruitment efforts like Administration 3 going from 106 employees to 118 and hiring patterns in the labor market. In categories where there was an increase in one category and a decrease in another indicates that there were separations and recruitment efforts that effected the UU rates.

### **Faculty Titles**

In the 2016 – 2017 reporting period there were sixteen (16) increases, three (3) decreases and one (1) stood the same. In Comparison, this reporting period of 2017-2018, there were only eight (8) increases and eight (8) stood the same in underutilization rates in faculty titles. Equally Important is that Five (5) lowered the underutilization rates.

The eight (8) departmental areas with increases:

### **Full-Time Faculty**

Biological/Biomedical Sciences – Four (4) UU increase from three (3) in the Female category.

Business, Management, Marketing, Support Services (Accounting, Economics) – One (1) UU increase from zero (0) in the Hispanic category.

Library – Four (4) UU increase from three (3) in the Female category.

Mathematics and Statistics – One (1) UU increase from zero (0) in the API category.

Natural Resources (Chemistry and Env. Sciences) – One (1) UU increase from zero (0) in the Female category.

Public Administration and social Service Professions – Three (3) UU increase from two (2) in the Female category.

The increases in the faculty title were surprising since there were 10 total searches which produced 427 Female applicants of which 4 females were hired, 480 Total Minority which

produced the hires of 9 total minorities.

### **Lecturer Series**

Education – One (1) UU increase from zero (0) in the Female Category.

English Language and Literature/Letters - One (1) UU increase from zero (0) in the Female Category.

There were no searches in the Lecturer series.

### **Instructor**

Although there were two Instructor searches, it did not produce any hires.

The six (6) departmental areas with increases:

### **Full-Time Faculty**

Biological/Biomedical Sciences – Zero (0) UU decreased from one (1) in the Hispanic/Latino category. In this category there was an increase in the female category although one person left. This could indicate that there were separations and recruitment where one male Hispanic was hired.

Computer and Information Sciences and Support Services - Zero (0) UU decreased from one (1) in the API.

Health Professions and related Programs - Zero (0) UU decreased from one (1) in the API.

Natural Resources (Chemistry and Env. Sciences) - Zero (0) UU decreased from one (1) in the API. In this category there was an increase in the female category although one person left. This could indicate that there were separations and recruitment where one male Hispanic was hired.

In the last reporting period, the College had an increase in new hires which changed the total full-time workforce from 582 from the prior reporting period to 606 totals employees in this reporting period as of June 1, 2018 date of record for the employee census for proposes of this Plan. The actual work is 607 but the President is left out of the totals. The Office of Compliance and Diversity, through the Chief Diversity Officer (CDO) makes good faith efforts by implementing systematic recruitment protocols that are aligned with CUNY's search process requirements. The CDO's Office, in fulfilling its responsibility to monitor fairness in recruitment efforts and hiring, engages in an extensive interactive process. Namely, the CDO confers with HR and the hiring department regarding any targeted recruitment and outreach efforts in order to increase the likelihood that all job applicant pools will yield a diverse array of qualified candidates.

## **OTHER ANALYSES**

### **Personnel Activity**

We review personnel actions for potential adverse impact, meaning personnel selections at different rates for different groups.

Appendix F provides detail on personnel activity by Job Group:

- Job Actions by Job Group and Ethnicity
- Job Actions by Job Group and Gender
- Faculty Tenure Actions by Department, Title, and Ethnicity
- Faculty Tenure Actions by Department, Title, and Gender

We compared employee title changes between reference dates (i.e., July 1, 2017 and June 1, 2018). The reports track hires, moves to a higher or lower Job Group, moves within a Job Group, and Separations.

Personnel actions involving employees who leave one Job Group to take a position in another are reported as two actions and are listed as having separated from one group and joined another group.

Tenure is a permanent status granted to Professorial Faculty and College Laboratory Technicians. Lecturers are eligible for a similar status, Certificate of Continuous Employment (CCE). Individuals are eligible after meeting service requirements. There is an additional review process for Professorial Faculty, involving departmental and College-wide Personnel and Budget Committees making recommendations to the President. The President reports approved candidates to the CUNY Board of Trustees. It is also possible in rare cases for a senior individual to be hired with Tenure. Faculty reported here received tenure/CCE status effective September 1, 2017.

The tenure report tracks the following statuses:

- Awarded Tenure
- Hired with Tenure
- Denied Tenure.

[Insert observations on appointment data and tenure actions, including, if needed, comments on the limitations of the data].

A review of the tenure decisions effective September 1, 2017 reveals the following:

A total of six (6) full-time titles applied for Tenure.

Four (4) members of the professoriate applied and granted tenure.

Three (3) were in the College Lab Tech titles two (2) Females and one (1) Male, two (2) B/AFAM, One (1) Male white.

One (1) Assistant Professor Female, B/AFAM

One (1) Male = API College Lab Tech hired with Tenure.

There was one (1) denied Tenure and non-reappointed.

One (1) Female, B/AFAM

In the previous reporting period tenure was not analyzed to the level it should be however, I note that 60% of those granted tenure were female. 60% were B/AFAM which is a testament to the college's designation of a Black Serving Institute which represents the student body.

This process adhered to the policies of the Board of Trustees and in accordance to the contractual obligations with the union.

## **Recruiting Activity**

Recruiting and selection take place within a process designed to promote both effectiveness and diversity. Prior to posting a position, the Chief Diversity Officer reviews and approves the posting language from the standpoint of any requirements that may impose bias. In most cases, the Chief Diversity Officer also creates and/or reviews a Search Plan outlining intended methods of outreach for the position.

Many hiring projects are conducted by a diverse Search Committee, particularly searches for faculty, administrators, and executives. The Chief Diversity Officer provides an orientation, or "charge", to committee members on effective selection practices, including practices aimed at reducing the potential for bias. The CDO reviews the applicant pool for sufficient representation and certifies the pool prior to a review by the committee. The CDO reviews the list of individuals selected for interviews, and at the end of the recruiting process, approves the entire search.

The standard in evaluating recruiting data is referred to as Impact Analysis. Federal guidelines recommend that "Adverse Impact" may occur when any one group has a selection rate which is less than 80% of the selection rate of the group which is most frequently selected.

**Appendix G** summarizes recruiting, by job group, data based on currently available information about searches that were noted as officially concluded with a job offer between June 1, 2017 and May 31, 2018.

For some job groups, notably faculty, there is a time gap between offers and start dates. For recruiting reviews, we track timing on the basis of the close of the search (accepted job offers). Also, we report on all searches resulting in an offer, regardless of whether the search is cancelled at some point after an offer is made.

Currently, applicant categories follow the *Internet Applicant Rule* and consist of:

- Applicant (Qualified individual submitting an application for a specific position)
- Interview (Selected for an interview, and interviewed)
- Offer/Hire (Selected for the position)

As with many higher education institutions, there may be a gap in time between offer and hire for faculty members, as they are generally selected in the spring to teach the following fall. This time period can span two academic years. We report recruiting data based upon the date the search closes, and we report personnel activity data based on the employee's hire date. Thus, the number of hires in recruiting exhibits may not match the number of hires in the personnel exhibits.

In the normal conduct of business, the Chief Diversity Officer reviews applicant self-identification data and determines whether there is a need for real-time adjustments to recruiting and outreach plans in order to assure diverse, qualified applicant pools. The Chief Diversity Officer may require additional outreach prior to proceeding with selection and/or interviews should there be a concern that applicant pools are not sufficiently diverse.

The actions completed during the previous 12 months are summarized as follows:

Many factors have changed which make it difficult to analyze the data this year. One of importance is the changes to the availability rate, the increase in hires and the addition of Substitute hires which are an interim measure to meet staffing demands before recruitment is conducted. Recruitment efforts do not include Substitute titles thus appointments of substitutes are not monitored by the CDO.

1. There was a total of 67 recruitment searches (some for multiple positions in one posting).
  - a. Those searches yielded 8,148 applicants (including those searches that failed/cancelled).
  - b. 830 API, 3,544 Black, 1,384 Hisp, 218 TorM, and 2,142 White (which includes unknowns).
  - c. 4,243 were females, 3,190 were Males and 714 unknowns.
  - d. 130 were Veterans – Not analyzed, this group is new and have no frame of reference for comparison.
  - e. 359 self-identified as having a disability - Not analyzed, this group because it started last year but still do not have a frame of reference for comparison.

1. Four out of the 67 were cancelled or failed.
2. There were 80 total new hires

As one of the nation's largest and comprehensive Predominantly Black Institution's (PBI), Medgar Evers College's recruitment effort is a testament to that mission. However, we strive on expanding our efforts to be more inclusive in other categories. One of our strategic plans is to increase female faculty. For the 2017-2018 reporting period there were 24 new hires of which 13 were female; 54% of new hires exceeding our 2015-2020 strategic plan.

For total numbers and percentages see Appendix G.

### Hiring from Civil Service Applicant Pools

The College participated in Four (4) University-wide hiring pools for Classified Civil Service hires. At a hiring pool, applicants who are pre-qualified based on a Civil Service examination score indicate their interest in working at one or more Colleges, and colleges make selections as per Civil Service regulations. These hires are included in the counts of employees hired in Appendix F and the counts of applicants in Appendix G.

Civil Service Exams						
Exam Title	Exam Number	Date of Pool	Interviewed	Hires	Race/ Ethnicity	Gender
Campus Peace Officer	2053	3/26/2017	3	3 Hires	1 UN, 1 B/AFAM, 1 TorM	2 Females, 1 Male
Campus Peace Officer	2053	8/10/2017	7	3 Hires	3 B/AFAM	2 Females, 1 Male
Campus Peace Officer	2053	8/30/2017	3	2 Hires	1 B/AFAM, 1 API	1 Female, 1 Male
CUNY Office Assistant		3/19/2019	7	1 Hire	1 UN	1 Female

## **Compensation**

The University develops and manages pay plans according to title and/or bargaining unit. These include an Executive Compensation Plan (ECP), Faculty and Non-Teaching Instructional Staff Pay Schedules, and Classified Civil Service Plans for Managerial Personnel, Non-Managerial Staff, and Skilled Trades. Plans are subject to bargaining unit contracts, Civil Service regulations, New York City Comptroller's Determinations, and/or University policy, and these factors sometimes limit the flexibility of the pay plans.

We review policies such as:

- Setting of Starting Salaries
- Performance-Based Pay
- Pay Increases Upon Promotion
- Tracking of Compensation Decisions
- Document Retention Practices
- Assignment of Overtime/Additional Assignments.

We also review salaries by job group and title and evaluate areas where there is a discrepancy of 5% or more based on average salary as well as a material number of employees.

The Chief Diversity Officer and the Human Resources Director discussed compensation best practices and areas of risk with members of the President's Cabinet during the Fall 2018 semester.

<p><b>Wide dissemination of open positions</b></p> <p>The College makes continuous efforts to diversify applicant pool by advertising all positions on the College website, CUNY-wide and external job search engines. To address issues of any underutilization, Academic Affairs manages recruitment for open positions through systematic advertising and outreach. Additionally, faculty and staff positions are posted with the New York State Department of Labor, HigherEdjobs.com, Diversejobs.net, naaap.org and to (National Association of Asian American Professionals) and aaastudies.org (Assoc for Asian American Studies) to assists lower the UU rate in the API category.</p>	<p>The College is not equipped with the tools to assess its outreach efforts' direct impact on underutilization in job groups. There are some indications that underutilization rates are improving. As noted, the decrease of UU rates.</p>

Results oriented activities to address underutilization during the past year (2017-2018) include the efforts of the Chief Diversity Officer to:

- Charge and train all search committees and hiring managers to understand and embrace diversity and inclusion as a strategic priority
- Monitor and certify the applicant pool for each job search to ensure that the college's diversity goals can be met
- Work with the Affirmative Action and other campus committees to produce programming that will promote diversity within the MEC Community
- Present the Affirmative Action Plan to the President's Cabinet and other senior college officials.

#### IMPLEMENTATION OF 2018-2019 PROGRAMS

In this section, we affirm the College's placement goals and key initiatives for the coming year.

## **Exhibit: Planned Campus Programs, 2018-2019**

(Discuss, as applicable, the rationales behind developing these specific programs; i.e., relevant to goals, achievable, affordable)

<b>Program</b>	<b>Expected Impact</b>
Hispanic Heritage Month (month-long calendar of events focusing on Hispanic culture and community.	College-wide representation of Hispanics increased by 5 from 47 to 52.
Women's History Month (month-long calendar of events focusing on the contributions and participation of women in American culture and community.	College-wide representation of women increased by 11 from 283 to 294. Also as noted previously, out of 24 new hires 13 were female; 54% of new hires exceeding our 2015-2020 strategic plan.

The College will work with Academic Affairs, Student Affairs and Human Resources to continue to provide training and workshops.

## **ONGOING ACTIVITIES IN SUPPORT OF AFFIRMATIVE ACTION**

(Use this section to cover ongoing, routine practices you intend to continue which do not rise to the level of a targeted program or effort. This may include training programs, committee work, meetings, etc.)

The College's programs benefit from additional University-wide recruitment, diversity, and compliance programs. The University:

- Sends job postings to State Workforce Agencies and Veterans' career centers
- Maintains consolidated advertising programs, including job boards serving Veterans, Individuals with Disabilities, women, and protected minority groups
- Maintains social media accounts for recruitment and employment branding
- Advertises and administers Civil Service examinations
- Publishes guides and training materials on effective and compliant search practices
- Publishes an annual notice of non-discrimination in the New York Times

- Provides training and ongoing updates to Chief Diversity Officers.

Recruitment policies support developing diverse applicant pools through:

- Required posting of open positions and of Civil Service Notices of Exam; typical faculty vacancies are posted for 30-60 days and administrative vacancies are posted for 14-30 days
- Collection of all applications into a single automated system where pre-established screening practices relevant to the specific function may be applied
- A job application process where all candidates are automatically invited to self-identify race/ethnicity, gender, veteran status, or disability status; information is kept confidentially and used to analyze the composition of applicant pools
- A committee recruiting process by which a diverse team evaluates candidates according to consistent criteria and job-related interview questions
- An annual survey of newly appointed employees to identify potential areas of concern in how the College communicates with its candidates.

The Chief Diversity Officer posts and distributes notices of non-discrimination policies, changes in regulations, and similar compliance information, and makes the Affirmative Action Plan available for public inspection. The CDO also integrates compliance information into training programs for faculty, students, and staff.

Ongoing activities sponsored by the College supporting affirmative action include:

- Ongoing oversight by the Chief Diversity Officer including required review of Search Plans, certification of applicant pools, and review of search outcomes.
- The College makes continuous good faith efforts to recruit women and minorities by advertising all positions on the College website and CUNY-wide. In addition, faculty and staff positions are posted with the New York State Department of Labor, ChronicleCareers.com, HigherEdjobs.com, Diversejobs.net, naaap.org (Association for Asian American Studies) and aaastudies.org (National Association of Asian American Professionals) to address underutilization in certain job groups.

## **INTERNAL AUDIT AND REPORTING**

The Chief Diversity Officer posts and distributes notices of non-discrimination policies, changes in regulations, and similar compliance information, and makes the Affirmative Action Plan available for public inspection. He/she also integrates compliance information into training programs for faculty, students, and staff.

The Chief Diversity Officer is responsible for audits and reviews of the effectiveness of

**College programs. This includes:**

- **Monitoring records of personnel activities, including new hires, transfers, promotions, and terminations**
- **Monitoring the status of employee self-identification programs**
- **Reviewing the effectiveness of recruiting outreach and advertising**
- **Monitoring complaints or incident reports which may indicate underlying trends**
- **Reviewing personnel activities and the Affirmative Action Plan with senior level officers**
- **Advising management of program effectiveness and provide recommendations for improvement.**

**(Discuss any specific reviews and/or audits if applicable).**

**The College maintains employment records in the central CUNYFirst system used to provide the data underlying Affirmative Action Plans. The Chief Diversity Officer works with Human Resources staff to assure College records are complete, accurate, and timely. Data quality is audited further by the University periodically throughout the year.**

**The University reports statistics and diversity metrics to the University Community and the CUNY Board of Trustees on a quarterly basis.**

## **PART FOUR: INDIVIDUALS WITH DISABILITIES AND PROTECTED VETERANS**

---

Federal regulations mandate that Affirmative Action plans be prepared to address the hiring and advancement of Individuals with Disabilities and Veterans. The topics covered in Part Four are similar to those covered in the other sections except that we analyze data in a simpler format and make comparisons based on federally-recommended benchmarks.

The sections of Part Four are mandated by regulation. They are:

- Policy Statement
- Review of Personnel Processes
- Review of Physical and Mental Qualifications
- Reasonable Accommodations
- Harassment Prevention Procedures
- External Dissemination of Policy
- Outreach and Positive Recruiting
- Internal Dissemination of Policy
- Responsibility for Implementation
- Training
- Audit and Reporting System
- Benchmark Comparisons

For the Italian American Plan, Part Four should be deleted in its entirety, including the Exhibit on benchmark comparisons.

## **EQUAL OPPORTUNITY AND NON-DISCRIMINATION POLICY**

*The City University of New York ("University" or "CUNY"), located in a historically diverse municipality, is committed to a policy of equal employment and equal access in its educational programs and activities. Diversity, inclusion, and an environment free from discrimination are central to the mission of The University.*

*It is the policy of The University—applicable to all colleges and units— to recruit, employ, retain, promote, and provide benefits to employees (including paid and unpaid interns) and to admit and provide services for students without regard to race, color, creed, national origin, ethnicity, ancestry, religion, age, sex (including pregnancy, childbirth and related conditions), sexual orientation, gender, gender identity, marital status, partnership status, disability, genetic information, alienage, citizenship, military or veteran status, status as a victim of domestic violence/stalking/sex offenses, unemployment status, or any other legally prohibited basis in accordance with federal, state and city laws.*

*It is also The University's policy to provide reasonable accommodations to applicants, employees and other persons on the basis of disability, religious practices, pregnancy or childbirth-related medical conditions, or status as victims of domestic violence/stalking/sex offenses.*

*This Policy also prohibits retaliation for reporting or opposing discrimination, or cooperating with an investigation of a discrimination complaint.*

The City University of New York, located in a historically diverse municipality, is committed to a policy of equal employment and equal access in its educational programs and activities. Diversity, inclusion, and an environment free from discrimination are central to the mission of The University. Further details on University policies are available at: [Click for CUNY's Policies.](#)

## **REVIEW OF PERSONNEL PROCESSES**

Our goal is to ensure all personnel activities are consistent with the goal of providing equal employment opportunity for employees and applicants who are Individuals with Disabilities and/or Protected Veterans. To that end, we periodically review our personnel processes for potential barriers to employment, training, and promotion.

The College's personnel processes do not stereotype Individuals with Disabilities or Protected Veterans or otherwise limits their access to jobs for which they are qualified; further, the College strives to include Individuals with Disabilities and Veterans in media such as college publications and websites.

We invite employees to self-identify through an online system available in CUNY's Employee Self-Service Portal. We invite applicants to self-identify through CUNY's

online recruiting system with each application. The University maintains this data in its system of record with appropriate security measures for confidentiality of individual information. As was described in Part Two, the College conducted a self-identification campaign in 2018.

## **REVIEW OF PHYSICAL AND MENTAL QUALIFICATIONS**

Our goal is to ensure that all physical and mental qualifications and requirements are job-related and consistent with business necessity and safe performance of the job. We periodically review the College's physical and mental qualifications and requirements as they relate to employment, training, and promotion.

We will repeat a review of a given position when there is a change in working conditions that may influence the job's physical or mental requirements. Examples may include new work requirements or new equipment. As new job qualifications are established, the College will review them to ensure that they would not screen out qualified Individuals with Disabilities or Protected Veterans. To the extent that such a situation might occur, the College takes steps to ensure the requirements are essential functions of these particular jobs.

The University's Civil Service unit reviews job requirements for potential issues at prior to issuing revised Civil Service specifications. The University also provides a checklist for planning a recruiting effort that includes a sign-off on a review of job qualifications.

## **REASONABLE ACCOMMODATIONS**

The College provides reasonable accommodations to physical and mental limitations of applicants and employees who are Individuals with Disabilities or Disabled Veterans. As per *CUNY Procedures for Implementing Reasonable Accommodation and Academic Adjustments*, the Human Resources Director is responsible for responding to requests by applicants for employment, current employees and visitors. Anyone may request an accommodation by contacting the Human Resources Office.

The College contact for accommodation requests is:

Name: Kareema Monroe  
Title: Accommodations Coordinator  
Phone: 718-270-6946  
Email: [Kmonroe@mec.cuny.edu](mailto:Kmonroe@mec.cuny.edu)

*CUNY Procedures for Implementing Reasonable Accommodation and Academic Adjustments* is available on CUNY's website.

[Click for CUNY's Policies](http://www.cuny.edu/about/administration/offices/ohrm/policies-procedures.html)  
 [\(http://www.cuny.edu/about/administration/offices/ohrm/policies-procedures.html\).](http://www.cuny.edu/about/administration/offices/ohrm/policies-procedures.html)

Applicants for employment may request accommodations to physical and mental limitations during the recruiting and interviewing process. The procedure is provided on the Employment Page of the CUNY Website and (<https://ares.mec.cuny.edu/human-resources/employment/>). The text of the statement is as follows:

Any applicant who requires an accommodation for a disability in order to apply for a position or proceed with the job search process should contact the Human Resources office at the College posting the position (list at [www.cuny.edu/employment/campus-hr.html](http://www.cuny.edu/employment/campus-hr.html)) or contact the Office of Recruitment and Diversity at [jobs@cuny.edu](mailto:jobs@cuny.edu) or at 395 Hudson St., New York, NY 10014.

As per University policy, the College also provides reasonable accommodations to individuals based on a disability; pregnancy, childbirth, or a medical condition related to pregnancy or childbirth; religious practices and status as a victim of domestic violence, sex offense or stalking.

In the last year:

- While recognizing that many requests are resolved through an informal process, the College responded to 6 official requests for employee accommodations, for which the process was successfully concluded 6 times. At this time there are no outstanding appeals.
- The College responded to 1 requests for reasonable accommodation for technology upgrade and was granted.

## **HARASSMENT PREVENTION PROCEDURES**

The University has developed procedures to ensure that Individuals with Disabilities or Protected Veterans are not harassed. (See above, *Policy Statements on Equal Employment Opportunity*). The 504/A.D.A. Coordinator, Tanya Isaac administers efforts to ensure access and non-discrimination for Individuals with Disabilities.

## **EXTERNAL DISSEMINATION OF POLICY**

Each job vacancy announcement has a summary of CUNY's policy.

The University also posts its Non-Discrimination Policy on its employment website ([Click for CUNY's Employment Page \(www.cuny.edu/employment.html\)](http://www.cuny.edu/employment.html)) and advertises the policy annually in the New York Times newspaper.

The University Office of Labor Relations provides an annual notice of our policies to labor unions.

The College sends written notice of the Affirmative Action Policy to all subcontractors, vendors, and suppliers requesting their compliance with our policy.

## **OUTREACH AND POSITIVE RECRUITING**

### **Summary of Prior Year Outreach Efforts**

In the last Plan Year, the College undertook the following targeted efforts for outreach to Veterans and Individuals with Disabilities:

<b>Program / Effort</b>	<b>Impact/Discussion</b>
<b>Disability Awareness</b>	An annual Program conducted in partnership with the Office of Differently Abled and the Office of Human Resources.
<b>Veterans Photo Exhibit</b>	We continue to exhibit the Veterans Photo to increase the visibility and recognition of Veterans on our campus as a way to increase potential veteran applicants.

### **Planned Outreach for 2018-2019**

The College Plans to initiate the following new activities over the next Plan Year:

<b>Program / Effort</b>	<b>Goals/Expected Impact</b>
<b>Disability Awareness</b>	An annual Program conducted in partnership with the Office of Differently Abled and the Office of Human Resources.

Program / Effort	Goals/Expected Impact
Veterans Photo Exhibit	We will continue to exhibit the Veterans Photo to increase the visibility and recognition of Veterans on our campus as a way to increase potential veteran applicants.

In addition, general, ongoing efforts to disseminate the *CUNY Policy on Non-Discrimination* and conduct outreach and positive recruitment include the following:

- Disseminating information concerning employment opportunities to media that reach Disabled Veterans, other Protected Veterans, and Individuals with Disabilities
- Advertising job openings with a variety of external resources, including required reporting to the New York State Labor Department and related agencies
- Filing the federal VETS-4212 report annually
- Veterans who received a passing score on a competitive Civil Service examination may apply for additional points to be added to their score based on Veteran or Disabled Veteran Status as defined by New York State statute.
- The University may appoint qualified disabled individuals to classified competitive Civil Service titles without an examination.

## INTERNAL DISSEMINATION OF POLICY

To foster positive support for the Affirmative Action Program for Protected Veterans and Individuals with Disabilities, the College has implemented the following measures:

- Including policies in the manuals and other in-house publications
- Meeting with senior staff and other supervisors to explain the intent of the policy and individual responsibility for effective implementation
- Scheduling training sessions for employees involved in recruitment, selection, and

promotion decision-making

- Discussing policies thoroughly in both employee orientation and management training programs
- Including articles on accomplishments of Disabled Veterans, other Veterans, and Individuals with Disabilities in College publications
- Posting the *CUNY Procedures for Implementing Reasonable Accommodation and Academic Adjustments* on College bulletin boards, along with the *CUNY Policy on Non-Discrimination* (which also covers protection from harassment on the basis of disability)
- Featuring persons who are Individuals with Disabilities in handbooks or similar publications

## **RESPONSIBILITY FOR IMPLEMENTATION**

As part of its efforts to ensure equal employment opportunity to Disabled Veterans, other Veterans, and Individuals with Disabilities, the College has designated specific responsibilities to various staff.

### **The President**

The President, Rudolph F. Crew, oversees Affirmative Action and compliance programs. He appoints the 504/A.D.A. Coordinator to oversee College compliance activities and provides management support and resources to manage the implementation of Affirmative Action and compliance programs. Issues uncovered in self-audits or reviews are ultimately reported to the President who oversees implementation of appropriate responses.

### **504/A.D.A. Coordinator**

The President assigned the duties of the 504/A.D.A. Coordinator to Tanya Issacs. Their responsibilities include:

- Chairing the 504/A.D.A. Committee
- Monitoring the college for 504/A.D.A. compliance
- Resolving issues before they become potential grievances; considering appeals and disputed accommodation decisions
- Maintaining information on accommodations requested and provided
- Ensuring pertinent records are stored securely and confidentiality is maintained

- Providing training as needed on issues related to Individuals with Disabilities.

### **504/A.D.A. Committee**

The 504/A.D.A. Committee advises the Coordinator. It is comprised of representatives from various divisions, departments, and programs, including Individuals with Disabilities. The current committee structure is still under review and a new committee will be appointed by the President during the current reporting year.

### **College Officials**

College officials assume certain responsibilities to assure compliance with regulations, including working with the Office of Human Resources to identify and fund reasonable accommodations.

### **University Management**

The University's Office of Recruitment and Diversity reports summary statistics to senior management on a quarterly basis. These reports include both university-wide and college-specific data. The University posts these reports online at:

Click here for University Resources:

<http://www2.cuny.edu/about/administration/offices/hr/recruitment-diversity/>

## **TRAINING**

Employees involved with the recruitment, selection, promotion, disciplinary actions, training, and related processes of Individuals with Disabilities or Veterans are acquainted with the College's Affirmative Action Program. CUNY's Office of Recruitment and Diversity and the Office of Professional Development and Learning Management provide training opportunities to help employees maximize their personal and workplace effectiveness, including Diversity Training courses.

Medgar Evers annually kicks off a Veterans Week with a flag-raising ceremony outside of the Bedford Building. This is particularly important because Medgar Wiley Evers served in the United States Army during World War II. Upon returning from the war and witnessing segregation and being not being afforded the freedom from which he fought fueled his fight for civil rights in this country. That spirit lives on at the College.

Medgar Evers also has the MEC Veterans Club which facilitates veteran involvement and brings awareness of the vital roles of our veterans to the college community through social events and programs.

## AUDIT AND REPORTING SYSTEM

The 504/A.D.A. Coordinator is responsible for the College's audit and reporting system to monitor the College's overall programs in support of Individuals with Disabilities, measuring the degree to which the College is meeting its objectives and identifying the need for remedial action. The Coordinator also determines whether there are any undue hurdles for both Individuals with Disabilities and Protected Veterans in gaining access to college programs and activities of all kinds.

The Chief Diversity Officer is responsible for monitoring recruitment outreach, as well as claims of discrimination related to status as a Veteran or Individual with a Disability. The CDO audits the effectiveness of outreach and Affirmative Action programs as part of the Affirmative Action Plan process.

Both individuals report their findings to the President and/or the President's designee.

## BENCHMARK COMPARISONS

The federal guideline for utilization of Individuals with Disabilities is 7.0%.

Appendix H details the utilization of Individuals with Disabilities by Job Group. There is no guideline for utilization of Veterans.

In March 2018, the federal benchmark Hiring Rate for Veterans was set at 6.4%. The exhibit on the next page illustrates College hiring rates for Veterans. While we calculated a Hiring Rate for Individuals with Disabilities, there is no recommended benchmark.

We monitor recruitment, application and appointment processes to assure representation of Protected Veterans and Individuals with Disabilities.

## E. UTILIZATION ANALYSIS (ADMINISTRATORS AND STAFF, COLLEGE LAB TECHNICIANS, FACULTY)

## **APPENDIX E-1 - ADMINISTRATOR / STAFF UTILIZATION BY JOB GROUP**

### **Medgar Evers College**

Appendix E-1 presents utilization and underutilization of protected groups by job group. A group is displayed only when there are five or more employees assigned to it.

Underutilization occurs where the utilization of a protected group is less than 80% of Labor Market Availability. We calculate a number approximating the number of full-time employees that would be needed to make utilization equal to the labor market. Where utilization is zero (0), underutilization exists but not to the level of one full-time equivalent employee. Blanks indicate no underutilization.

Underutilization numbers represent specific placement goals as prescribed for federal Affirmative Action Plans.

Total Minority is comprised of Asian/Hawaiian/Other Pacific Islander, Black/African American, Hispanic/Latino, American Indian/Alaska Native and Two or More Races.

## APPENDIX E-2 COLLEGE LAB TECHNICIAN UTILIZATION BY CATEGORY

### Medgar Evers College

Appendix E-2 presents utilization and underutilization for College Laboratory Technicians, by general discipline and by protected demographic group. A group is displayed only when there are five or more employees assigned to it.

Underutilization occurs where utilization of a given group is less than 80% of Labor Market Availability. We calculate a number approximating the number of full-time employees that would be needed to make utilization equal to the labor market. When this number is zero (0), underutilization exists but not to the level of one full-time equivalent employee. Blanks represent no underutilization.

Underutilization numbers represent specific placement goals as prescribed for federal Affirmative Action Plans.

Total Minority is comprised of Asian/Hawaiian/Other Pacific Islander, Black/African American, Hispanic/Latino, American Indian/Alaska Native, and Two or More Races.
