ABOUT MEDGAR EVERS COLLEGE

Medgar Evers College is one of 25 institutions in the City University of New York (CUNY) system. Founded in 1970, Medgar Evers College is named in honor of civil rights leader Medgar Wiley Evers and offers associate and baccalaureate degree programs. The College's mission is to serve the educational, cultural, and social needs of the central Brooklyn community. For more than 50 years, the College has prepared students to be competitive in a global society. Students leave Medgar Evers College

with a new understanding of themselves and a commitment to social justice that reflects the legacy of civil rights leader Medgar Wiley Evers.

SCHOOL OF BUSINESS

The School of Business at Medgar Evers College has been fully accredited by the Accreditation Council for Business Schools & Programs (ACBSP) since 2003. Of the five business schools in the City University of New York, Medgar Evers College is one of the two that is accredited. The School of Business is an intimate educational environment that affords close mentoring relationships between faculty, staff, and students, in which approximately 70% of its students are matriculating in career-focused baccalaureate programs.

SCHOOL OF EDUCATION

The nationally accredited School of Education is the home of the College's pre-college programs and two teacher preparation academic departments: Developmental and Special Education, and Multicultural Early Childhood and Elementary Education, including the Ella Baker/Charles Romaine Child Development Center and the Center for Cognitive Development. The pre-college programs include the Brooklyn Pipeline Initiative, the Smart Scholars Early College High School Program, and the CUNY College Now program. The teacher preparation curriculum and degree programs in this academic school aim to transform urban education by creating change agents for classrooms, schools, and communities, who educate to liberate.

SCHOOL OF LIBERAL ARTS

The School of Liberal Arts aims to prepare students to achieve their highest academic and career goals through engagement in a learning community endowed with a rich and diverse liberal arts curriculum that fosters scholarly excellence, cultural awareness, and social responsibility. The School offers associate and baccalaureate degree programs that are responsive to local and global change and produces graduates who are effective world citizens. An inclusive liberal arts education is a necessary foundation for ongoing intellectual development, professional studies, and effective service to the community.

SCHOOL OF SCIENCE, HEALTH, AND TECHNOLOGY

The School of Science, Health, and Technology is comprised of five academic departments: Biology, Chemistry and Environmental Science, Mathematics, Nursing, and Physics and Computer Science. The School boasts multi-million dollar core research facilities in the areas of cellular-molecular biology and chemical analysis. The facilities are housed in a 195,000 square foot state-of-the-art building. More than 40 percent of Medgar Evers College students are enrolled in the School of Science, Health, and Technology.

CITY UNIVERSITY OF NEW YORK BACCALAUREATE FOR UNIQUE AND INTERDISCIPLINARY STUDIES

The CUNY Baccalaureate for Unique and Interdisciplinary Studies (CUNY BA) is the University-wide, individualized degree. It is a versatile degree route for highly-motivated, self-directed students whose academic goals transcend traditional majors. Students create their own degree plans working directly with faculty mentors and academic advisors. While each student has a home college in the CUNY system, they are free to pursue their studies and take courses at any of the other colleges in the University.

ACCELERATED STUDY IN ASSOCIATE PROGRAMS

CUNY's Accelerated Study in Associate Programs (ASAP) is a comprehensive program for associate degree students. ASAP is designed to help associate degree-seeking students earn their degrees as quickly as possible, with a goal of graduating students within three years. Despite the strengths and assets that students bring to their college experience, a variety of systemic barriers and personal responsibilities preclude many students from timely degree completion. ASAP helps eliminate these barriers by providing students with the academic, social, and financial support they need to graduate with an associate degree in no more than three years.

PERCY E. SUTTON SEEK PROGRAM

The Percy E. Sutton Search for Education, Elevation, and Knowledge (SEEK) Program is a higher education opportunity program that provides academic and financial support to students. The Program promotes the academic, personal, and professional development of students by providing an array of specialized academic support, enrichment programs, and activities dedicated to encouraging excellence, student learning, persistence, and graduation.

HEALTHCARE CAREER CONNECTION PIPELINE PROJECT

The Healthcare Career Connection Pipeline (HCCP) Project, which is funded by a grant from the National Workforce Development Program in the U.S. Department of Health and Human Services, supported 121 high school students and 182 college students from minority and underrepresented groups with college preparation to pursue healthcare careers. High school students are able to earn an associate degree in a health-STEM career pathway along with their high school diploma, while college scholars complete their bachelor's degree in Biology, Computer Science, Nursing, Psychology, or Biology.

MEDGAR EVERS COLLEGE BROOKLYN PIPELINE

The Medgar Evers College Brooklyn Pipeline is an intentionally designed system by which students from Central Brooklyn are guided through a strong kindergarten to 12th grade experience to successfully transition into college. Customized programs include principal and teacher professional development, parent academy workshops, STEM education, summer programs, and dual credit opportunities for students to take college courses. Two thousand, one hundred and sixty-three (2,163) students from 31 Brooklyn high schools earned college credits, with 1,141 of them currently enrolled in CUNY colleges. This comprehensive system supports schools, not as individual entities, but as connected organizations.

SMART SCHOLARS EARLY COLLEGE HIGH SCHOOL PROGRAM

The Smart Scholars Early College High School Program is a partnership between Medgar Evers College and Medgar Evers College Preparatory High School (MECPHS). The dual credit learning program, funded by the NY State Education Department, allows MECPHS students to participate in college coursework that earns them an associate degree from the College in coordination with the completion of their high school diploma. The program increases high school graduation and college completion rates while reducing student tuition costs.

MEDGAR EVERS COLLEGE PRESIDENT

DR. PATRICIA RAMSEY

Dr. Patricia Ramsey was appointed by the CUNY Board of Trustees to serve as the sixth president of Medgar Evers College on March 22, 2021. She is the first woman president of Medgar Evers College.

Distinguished as a “National Role Model” by Minority Access, Inc., Dr. Ramsey is a leader and scholar with a deep commitment to excellence and a passion for making a difference. Dr. Ramsey comes to Medgar Evers College from the Thurgood Marshall College Fund (TMCF), where she served as senior executive fellow. Prior to TMCF, she served as provost and vice president for academic affairs at Lincoln University in Pennsylvania, the oldest degree-granting Historically Black University (HBCU) in the nation. For nearly 12 years, she served in various capacities at Bowie State University, a constituent institution of the University System of Maryland and the oldest HBCU in Maryland. At Bowie State, she was a tenured full professor and served as provost, interim president, and chair of the Department of Natural Sciences. During her tenure at Bowie State, Dr. Ramsey was a thought leader behind the 149,000 square foot Center for Natural Sciences Mathematics and Nursing building. Designed and built with sustainability in mind, this \$102 million project won a LEED Platinum certification.

Other positions that she has held include vice president for academic affairs at Shaw University and associate vice president for development at Norfolk State University. An experienced strategist and action-oriented leader, Dr. Ramsey negotiated a \$1.3 million award after only three months as a fundraising officer at Norfolk State. With a formidable talent for swiftly assessing the situation and developing a plan of action, she created the infrastructure that resulted in \$10 million in grants and contracts in less than two years at Shaw University.

Globally, Dr. Ramsey has impacted higher education on the continents of Europe and Africa. In Europe, she provided oversight for Bowie State’s graduate programs on the military base in Heidelberg, Germany, where she won front-page headlines in the military news for her bold position in allowing a five-year-old military dependent to stand proxy to receive the master’s degree for a deployed soldier. On the continent of Africa, Dr. Ramsey was one of four provosts in the American Association of State Colleges and Universities (AASCU) delegation to Liberia, where she served in an education advisory capacity to the country’s leader President Ellen Johnson Sirleaf. In Nigeria, Dr. Ramsey was instrumental in the success of a biotechnology training partnership between Godfrey Okoye University (GOU) in Enugu and Bowie State University. She also represented Lincoln University in Enugu, conducted a leadership workshop for the administration of GOU, and was an on-air radio guest at GOU-Radio.

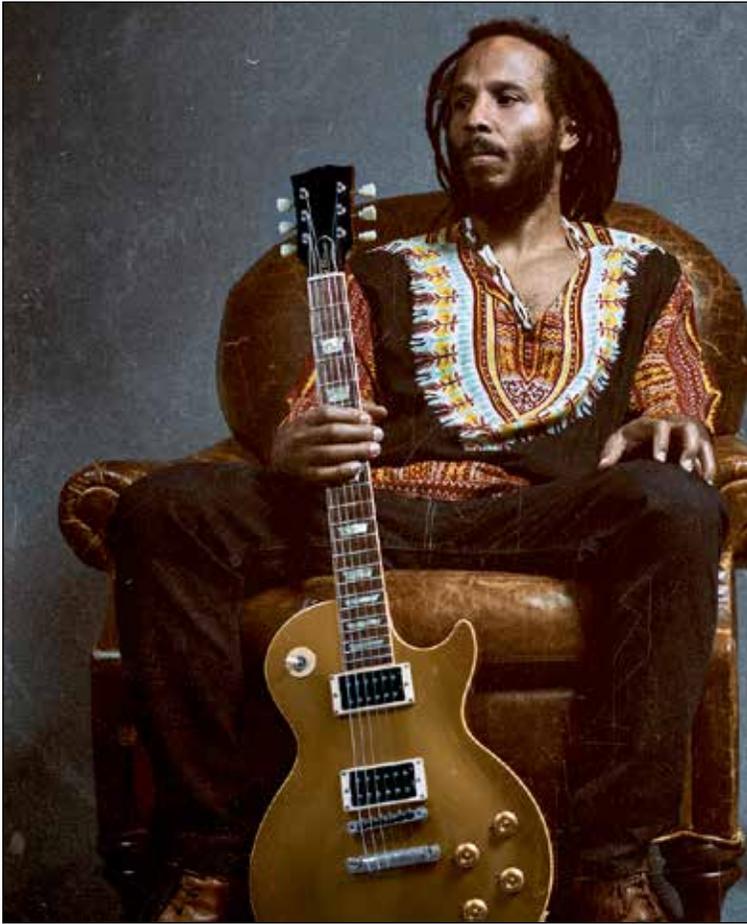

A biologist by training, Dr. Ramsey has a research interest in the biological activity of plants used in folklore, has collected 110 species of Agave in the Sonoran Desert, and traveled a 450-mile span of highway collecting *Sapium sebiferum* (popcorn tree) leaves in the southeastern United States. Dr. Ramsey earned a Master of Science in Botany from Howard University, a Master of Arts in Biology from Harvard University, and a Ph.D. in Biology from Georgetown University. Dr. Ramsey received her undergraduate degree from Norfolk State University, where she earned a Bachelor of Science in Biology Education. She completed executive leadership programs in AASCU’s Millennium Leadership Initiative (MLI), Harvard’s Institute for Educational Management (IEM), and the CIVIC Leadership Institute.

Dr. Ramsey is married to Dr. Roscoe Ramsey Jr., a physician, and an ordained minister. They have three adult children and two grandchildren.

DOCTOR OF FINE ARTS, HONORIS CAUSA

ZIGGY MARLEY

Ziggy Marley is an eight-time Grammy winner, Emmy winner, musician, producer, activist, and humanitarian whose legendary career spans 40 years. The eldest son of Bob and Rita Marley, he has hewed his own path as a musical pioneer, infusing the reggae genre with funk, blues, rock, and other elements through mindful song-writing.

Using his success to champion political and philanthropic causes, Ziggy Marley has served as a Goodwill Youth Ambassador for the United Nations and actively participates in Bob Marley Foundation initiatives worldwide. He founded his own charity, URGE (Unlimited Resources Giving Enlightenment), a non-profit organization whose mission encompasses building new schools, operating health clinics, and supporting beneficiaries, including One Love Youth Camp, Chepstowe Basic School in Jamaica, and HOLA (Heart of Los Angeles).

Ziggy Marley has worked with diverse artists such as Sheryl Crow, Ben Harper, Angélique Kidjo, Lisa Loeb, Tom Morello, Alanis Morissette, and Busta Rhymes. He is also a beloved contributor to children's entertainment. From on-camera guests spots to voice acting original songs, his projects include

Shark Tale, Dora the Explorer, The Disney Reggae Club, Wonder Pets, Third and Bird, Arthur, Sesame Street, and HBO's *Saving My Tomorrow*, as well as co-curating the *Saving the Earth with Music* exhibit in conjunction with the Grammy Museum and the California Science Center.

Ziggy Marley continues to serve as an advocate against social injustice not only through his music, but also through his work as a humanitarian. He recently received the Black Press of America's prestigious Global Icon Achievement Award. In 2020, through his leadership as an entrepreneur and sought-after creative background, Ziggy Marley oversaw the marketing campaign for Bob Marley's 75th birthday, including the curation of a pictorial book with 150 rare images published this past October.

In 2017, Ziggy Marley's contributions were recognized with the George and Ira Gershwin Award for Lifetime Musical Achievement, making him the first reggae artist to receive the esteemed award in its more than three-decade history.

DOCTOR OF HUMANE LETTERS, *HONORIS CAUS*

MICHAEL T. PUGH

Michael T. Pugh is president and chief executive officer of Carver Bancorp, the holding company for Carver Federal Savings Bank, a federally chartered savings bank and the nation's largest publicly traded African- and Caribbean-American operated bank, with approximately \$600 million in assets and 140 employees.

A banking veteran of more than 25 years, Mr. Pugh has led teams of up to 600 associates in retail, business banking, commercial and residential lending, and call center operations. He has also been a critical leader in bank technology integrations, launching new lines of business, and executing new growth market strategies.

Prior to joining Carver in August 2012, Mr. Pugh served as Capital One's senior vice president, regional executive, and market president of Eastern Maryland, Delaware, and Washington, D.C. Mr. Pugh was responsible for revenue production, customer service, and bank operations for approximately 75 banking centers and \$3 billion in deposits. He also led the bank's community development strategy for 1,200 associates in eight counties.

Before his tenure at Capital One, Mr. Pugh served as senior vice president, retail banking executive for Citizens Financial Group, Charter One Division. He led retail banking teams in the Michigan and Indiana markets with up to 67 banking centers. Mr. Pugh's accomplishments included organically growing a new market by \$400 million in deposits and leading a team to become the number one Small Business Administration lender in Indiana.

Mr. Pugh is a board member of Carver Bancorp, Inc. and Pursuit. He also serves as a board member of several non-profit organizations, including the Society for Financial Education and Professional Development, Community Development Bankers Association, and Madison Square Boys and Girls Club.

Mr. Pugh worked as a bank teller while earning a Bachelor of Science in Health Administration from Eastern Michigan University, and he pursued a Master of Science in Financial Management from the University of Maryland Global Campus. Mr. Pugh also earned professional certifications from Babson College and the Wharton School of the University of Pennsylvania.

CLASS OF 2021 VALEDICTORIAN

ANESIA MOISE

CANDIDATE FOR BACHELOR OF SCIENCE IN BUSINESS

Anesia Moise is graduating with a Bachelor of Science in Business, with a minor in Public Administration. In 2019, she earned an Associate in Business Administration from Medgar Evers College. Anesia was born in St. Lucia, and after becoming a U.S. resident she took advantage of the opportunity to work towards her college degree. As a full-time student, she finished each semester on the Dean's List, and she also earned the President's List distinction. She accomplished all of this while working full time, and she is elated that she has finally reached her goal.

Anesia credits her success and wealth of knowledge to her diverse work experience across the telecoms, banking, and healthcare industries. However, she always knew that a college degree would make her more marketable when choosing a career. Anesia also credits her success to her faith in God, as she knows that she could not do it without Him.

Anesia is passionate about the business side of healthcare and plans to pursue a master's degree in Healthcare Administration. She is dedicated to helping people and realize one's goals through teamwork. She lives by the principle, "Teach what you know and ask what you don't know," which has carried her through her professional and academic careers. Anesia hopes that her journey will inspire others to do their best and not settle for mediocrity.

CLASS OF 2021 ASSOCIATE DEGREE SCHOLAR

SARA SARUE

CANDIDATE FOR ASSOCIATE IN SCIENCE

Sara Sarue is a junior graduating with an associate degree in science. She grew up in Spring Valley, New York and currently resides in Brooklyn with her husband and five children. As a child, academic excellence was of great value to her. However, attending college was not the norm in her family. After starting her family, Sara had a strong desire to return to school to pursue an education in the sciences. Shortly after her third child was born, she began attending Medgar Evers College, and she was subsequently on the Dean's List every semester.

While enrolled, she was fortunate to be a part of ASAP (Accelerated Study in Associate Programs), where she was provided with a tremendous amount of support and guidance. Sara also interned at a pediatric clinic, and it was this experience that solidified her interest in pursuing a career in the healthcare field. Despite challenges posed by family obligations, work schedules, and a worldwide pandemic, Sara is graduating summa cum laude with an overall GPA of 3.9, and with her newborn twins in tow. She is the first in her family to graduate from college, and she hopes to continue her education and become a pediatric nurse.

2021 STUDENT GOVERNMENT ASSOCIATION PRESIDENT

BROOKE SMITH

CANDIDATE FOR BACHELOR OF SCIENCE IN SOCIAL WORK

Born and raised in Brooklyn, Brooke Smith currently serves as president of the Student Government Association. She is a member of MEC’s Office of Differently-abled Services, a SEEK student, a member of the Alpha Mu chapter of the Alpha Kappa Alpha sorority, and a former vice chair of Disability Affairs with the University Student Senate.

Brooke spent most of her career as a singer, recording songs for clients such as Disney and Old Navy. After losing her own daughter, Brooke was inspired to start The Baby Resource Center, a non-profit organization dedicated to supporting families affected by pregnancy and infant loss.

Brooke has received two borough-wide proclamations: May 19 is designated as Kennedy Grey Community Service Day in memory of her daughter, and October 15 is designated as #goPINKandBLUE day for pregnancy and infant loss awareness.

Brooke’s experiences at MEC have allowed her to realize that her true passion is advocating for and providing mental health services to people with disabilities. She aspires to become a licensed clinical social worker and directly support clients in her non-profit organization.

Brooke is graduating with a Bachelor of Science in Social Work. In the fall of 2021, she begins a one-year, accelerated program to obtain her master’s degree in social work.

2021 SENIOR CLASS PRESIDENT

ROCKELLA SANON

CANDIDATE FOR BACHELOR OF FINE ARTS IN MEDIA AND THE PERFORMING ARTS

Rockella Sanon served as the senior class president of the Student Government Association in 2020 and 2021. A life-long Brooklynite, she was born to a Haitian mother and a Guyanese father.

As someone who believes in turning her dreams into a reality, Rockella aspires to become a multi-hyphenated actress, screenwriter, and producer. She has signed with Central Casting, the leading background actor casting company in the U.S., and has already appeared as a background actor in several productions.

In December 2020 and May 2021, Rockella co-hosted the Dr. Iola Thompson Arts Alive event, which showcased the work of MEC students and demonstrated their commitment to the creative arts through dance, music, spoken word, and more.

Rockella was recently recognized as a Scholar–Athlete of the Year by the City University of New York Athletic Conference (CUNYAC). As a new member of MEC’s women’s soccer team, Rockella started five games in 2019, and played the full 90 minutes in three contests.

As an activist, Rockella supports social causes, including raising the minimum wage and ending gun violence.

Rockella is graduating with honors with a Bachelor of Fine Arts, majoring in Media and the Performing Arts and minoring in English Writing. In the fall of 2021, she will begin her Master of Fine Arts in Writing and Producing for Television at Long Island University Brooklyn.

Charles Evans Inniss Memorial Library

Roseann Warren, *Associate Director, Digital Media and Communications*
Office of Information Technology

SPECIAL THANK YOU FROM DR. H. MICHAEL DREHER

Whether their contributions were large or small, many people worked to make this event happen.

To Professor Adero-Zaire Green: What can I say? Professor Green chaired the Honorary Doctorate Selection Committee, and for three months she worked with our two honorees and handled every detail. Her role was indispensable. Moving forward, every Commencement Committee must have a “Professor Green.”

Several departments within Medgar Evers College supported the work of the Commencement Committee, including Percy E. Sutton SEEK Program Director Sherrill-Ann Mason and Academic Support Coordinator Jessica Caridad-Terèse Rivera.

The Medgar Evers College Writing Center, led by Coordinator Dr. Ella Russell, made a tremendous contribution. The Writing Center coaches worked tirelessly with our graduating students on their speeches.

Writing Across the Curriculum (WAC) fellows from CUNY’s Graduate Center, including Adam Kocurek, doctoral candidate in History; Charles Anthony Rudig, doctoral candidate in Music; and Matthew Sandahl, doctoral candidate in Music Composition were especially helpful.

The Writing Center’s student tutors also reviewed students’ statements, which were featured in the personal portrait gallery during the virtual event. Ephraim Ayalew, Shafika Burke (member of the class of 2021), Takiyah Howard, Doodley Plaisival, Christine Thompson Roberts, Zehra Husain (doctoral candidate and WAC fellow), and Emine Unluonen (doctoral candidate and WAC fellow) provided a great deal of support in this area.

Lisa Anderson in the Office of the President, Communications and Marketing staff members, Cy Nakpodia and Torren Hope in the Office of Information and Technology, Hector Dominguez in the Office of Enrollment Management, and Denise Garcia, Valencia Smith, and Rhonda Williams in the Office of the Registrar all assisted the commencement team.

Finally, infinite thanks to our magnificent duo from Shared_Studios. Teun Hilte and Victoria Marino produced this entire virtual event from the Netherlands, Brazil, and with their international team. Their creativity, professionalism, and work ethic were par excellence. Bravo!

Thank you to the members of the Commencement Committee who unanimously picked Shared_Studios to help us create a virtual commencement for two graduating classes with a runtime of just over two hours! We didn’t *even* know they were Brooklyn-based when we selected them.

To anyone we may have missed: our sincere apologies. Please know you were part of a historic event honoring Medgar Evers College’s graduating classes of 2020 and 2021!
