

ARS MEASURE 2. INDICATORS OF TEACHING EFFECTIVENESS

(a) edTPA Performance

Due to COVID-19 pandemic and state closures, no graduating candidates were able to complete the edTPA. They were recommended for the COVID-19 one-year Emergency Certification or the ATSW Safety Net if all other NYSTCE examinations were passed.

In 2021 nine candidates (7 CSE, 2 ECSE) were able to complete the ATSW and gain State Certification. The one CE program completer did not take any exams so the data below will only include information for completers from the CSE and ECSE programs

(b) ATSW Safety Net: 2021

Data Years PROGRAM	Program Completers	CSE Test Takers	ECSE Test Takers	Passed	Qualifying Score	CSE EPP Mean	ESCE EPP Mean	Pass Rate	
2021	38	7	2	9	220	259	247	100%	
ATSW Sub-Areas			Sub-Area Performances for Test Takers						
		CSE Mean	ECSE Mean	Passed	Qualifying Score	EPP Mean		Pass Rate	
I: Student Development and Learning					220				
2021 n=9		259	236	9			254		100%
II: Instruction and Assessment									
2021 n=9		266	247	9		262		100%	
III: The Professional Environment									
2021 n=9		257	245	9		254		100%	
IV: Instruction and Assessment: Constructed Response Assignment									
2021 n=9		250	235	9		247		100%	

Although in the year of 2021 there were only nine test takers (7 CSE, 2 ECSE), the pass rate was 100% and test takers' performances on each area of the test were rated above the passing score.
